RANA SAMIUDDIN

Jr. SQA ENGINEER

rana.samiuddin@gmail.com | LinkedIn | +92 316 6369062 | Manzoor Colony, Karachi

---

PROFILE SUMMARY:

Junior SQA Engineer with hands-on experience in functional and non-functional testing, supporting AI-driven features and data workflows while ensuring stable, high-quality software through strong SDLC knowledge and attention to detail.

EXPERTISE:

- App (Android & iOS) & Web Testing
- API Testing (Postman)
- Agile & Project Management (Scrum)
- JIRA
- JMeter
- SQL
- Bug Reporting
- Functional Testing
- Manual & Automation Testing
- Playwright / Selenium
- Project Coordination
- Automation Testing with JS

EXPERIENCE:

Agency Partner Interactive. **AUG 2026 – PRESENT**

Associate QA Engineer

- Creating, maintaining, and executing test cases and test runs in TestRail.
- Reporting and tracking bugs and tasks in ClickUp, including identifying 50+ bugs on a single platform.
- Testing functional web applications with multiple user roles, validating permissions, access control, and user workflows.
- Performing functional, UI/UX, cross-browser, and responsive testing on CMS-based platforms, WordPress websites, and content-heavy pages.
- Participating in project meetings and requirement discussions, collaborating with teams to ensure reliable, production-ready digital products.

TAFSOL Technologies (PVT) LTD. **AUG 2025 – AUG 2026**

Associate SQA Engineer

- Continuously working on enhancing application quality by about 20% through in-depth functional and non-functional testing.
- Consistently achieving around 95% stability in builds by catching issues early in the development cycle.
- Actively carrying out detailed testing across mobile and web platforms, including UI, admin, and vendor environments.
- Regularly designing and executing complete end-to-end test scenarios for Android, iOS, and web to maintain performance and reliability.
- Closely collaborating with developers to resolve bugs faster, helping streamline release cycles and improve user experience.

- Ongoing management of QA activities across multiple projects, increasing test coverage and keeping production defects to a minimum.

MMC **MAR 2025 – AUG 2025**

SQA Analyst

- Improved application quality by 20% through thorough functional and non-functional testing.
- Achieved 95% success in delivering stable builds by identifying issues early in the SDLC.
- Conducted detailed testing across mobile and web platforms, including UI, admin, and vendor portals.
- Designed and executed end-to-end test cases for Android, iOS, and web to ensure performance and consistency.
- Collaborated with developers to resolve bugs quickly, enhancing release cycles and user satisfaction.
- Managed QA efforts across projects, boosted test coverage, and minimized production defects.

EDUCATION:

Bachelors in Science Software Engineering **OCT 2020 – JAN 2025**

Iqra University EDC Campus, Karachi

Higher Secondary School Certificate **JUL 2018 – AUG 2020**

Army Public College Faisal, Karachi

COURSE:

Software Automation Testing Boot camp – Iqra University EDC Campus (Ongoing)

- Gaining hands-on experience in manual testing, test case design, defect reporting, and QA metrics.
- Learning automation testing using C#, Selenium WebDriver, NUnit, and BDD with Spec Flow.
- Practicing API testing with Postman and performance testing using Apache JMeter.
- Exploring CI/CD integration, automation pipelines, and security testing fundamentals.
- Gaining practical understanding of agile methodologies and Scrum framework, including roles, ceremonies, and QA practices within agile teams.
- Enhancing professional communication, presentation abilities, and interview readiness through targeted soft skills training, including CV writing and personal branding.

CERTIFICATIONS:

1. QA Fundamentals - 10Pearls
2. API Testing with Postman - 10Pearls
3. Fundamentals of Testing with TestRail - A01
4. Administration & Customization - A02
5. TestRail Reports & Analytics - A03
